

## Theme 2: Sharing the mission of Jesus

Following a series of discussion and discernment meetings across our Parish, where many views were shared, the proposals for action submitted by our parish to Synod 2020 on the Theme *All called and gifted by God* are as follows:

<b>Proposal 1</b>	The Archdiocese to clarify the to the wider world, exactly where it stands in relation to care of the environment, and to lead our Catholic congregation in new ways of behaving, that demonstrate that we, as a community, care.
<b>Proposal 2</b>	The Archdiocese to review the management and use of all its resources and to take steps to reduce the Church's negative impact on the environment.
<b>Proposal 3</b>	The Archdiocese to collate a database of all existing support groups across the archdiocese and communicate accessibility available for people in need.
<b>Proposal 4</b>	Set up exchange groups across the Pastoral Areas of the Archdiocese, to share ideas and best practice to develop and enrich a sense of community.
<b>Proposal 5</b>	To change the mindset of introspection and 'our club', and reach out beyond the confines of our parishes, in order to demonstrate our Christianity and the way of Christ we are supposed to embody.
